It was a trip I'll never forget. When I was just seven my mom and dad decided to take a trip to the nearby lake. But at some point it turned into something dangerous and bizarre (36)

Our trip started pretty normal. I was looking at the bewildering sights of early summer's nature through the window. Suddenly dad said "I keep hearing some strange sound" and stopped the car. My mom and I decided to pick some flowers while dad was fixing it. When dad joined us he said that he couldn't find what was wrong with the car. My dad was a strong and smart man, but right now he seemed confused and lost. When we returned to the car he was wearing a mask of uncertainty.

After riding for several hours I suddenly heard a loud noise like something blew up. Our car started spinning and I heard my mom's scream. After that everything went black. When I woke up the first thing I saw was my mom's face, her blond messy hair and blue eyes full of tears. We were lost in the forest. We were wandering in the woods for hours. It was getting dark. When I was almost ready to cry my dad said "Stay strong". Then I saw an opening in the trees and pointed at it. When we reached it a giant lake unfolded before us. After such a challenging trip we reached our original goal. Maybe my dad just made an ignorant mistake in fixing the car, but it made our trip an unforgettable experience.
