If you ever plan on going to Russia a place you have to visit is Roschino. The small town has established itself into a cultural center and a great example of how far we've come in the last 50 years. All the newest technology has been integrated into the previously mundane town life. Now residents and tourists have the pleasure of being introduced to the latest inventions that make life easier.

House of Culture is the place you want to be at if you are interested in learning about the history of this town. The main exhibition will give you all the details about how Roschino became ~~the~~ a pioneer in developing new software. It has changed humanity's outlook on technological advancement.

The first thing you will probably notice is the way the town caters to the needs and wants of almost any type of person imaginable. For food there are places that offer dishes from all over the world. Schools have different programmes that have classes designed to help students choose a career path. Having free time means you can go watch a football game at the arena, enjoy a movie at the cinema or go to the arcade with all the latest games. Vehicles have been deemed obsolete as the main form of transportation has become suspended treadmill-like tubes that will take you anywhere quickly and without traffic.

Roschino is a town full of innovation and interesting history that amazes people around the world.
